PROJECT NAME	Signs with Smart Connectivity for Better Road Safety

The screenshot displays the IBM Cloud 'Resource list' interface. The browser's address bar shows 'cloud.ibm.com/resources'. The page header includes the 'IBM Cloud' logo, a search bar, and navigation links for 'Catalog', 'Manage', and the user's account, 'Madhupriya V's Account'. On the right, a user profile dropdown menu is open, showing options like 'Profile', 'Log in to CLI and API', 'Privacy', 'Change theme', and 'Log out'. The main content area is titled 'Resource list' and features a table with columns for 'Name', 'Group', 'Location', 'Product', and 'Status'. Below the table, there are filter inputs for each column. A left-hand sidebar contains a vertical menu of resource categories, each with a count in parentheses: Compute (1+), Containers (0), Networking (0), Storage (0), AI / Machine Learning (1+), Analytics (0), Blockchain (0), Databases (2+), Developer tools (6+), Logging and monitoring (0), and Migration (0). The Windows taskbar at the bottom shows the system clock as 19:20 on 13-11-2022, with a temperature of 26°C and 'Mostly cloudy' weather.
